ACCENT / ACCENT S

QUALITY HEAVY COMMERCIAL CARPET TILES

Accent carpet tiles are a great choice for heavy commercial use because of three reasons: **great quality, low maintenance and the choice for 6 textured tonal colours.**

Accent is a collection of **50 x 50cm bitumen backed carpet tiles** with a 1/10th gauge level loop pile of solution dyed nylon. They are castor tested class A, are fully UV stable, fire resistant and are treated with Ultra-fresh, anti microbial, anti fungal treatment.

All the above makes Accent an ideal floor covering for any commercial area, including industrial offices, shops, schools & colleges, banks, hospitals, healthcare facilities, airports and local government buildings.

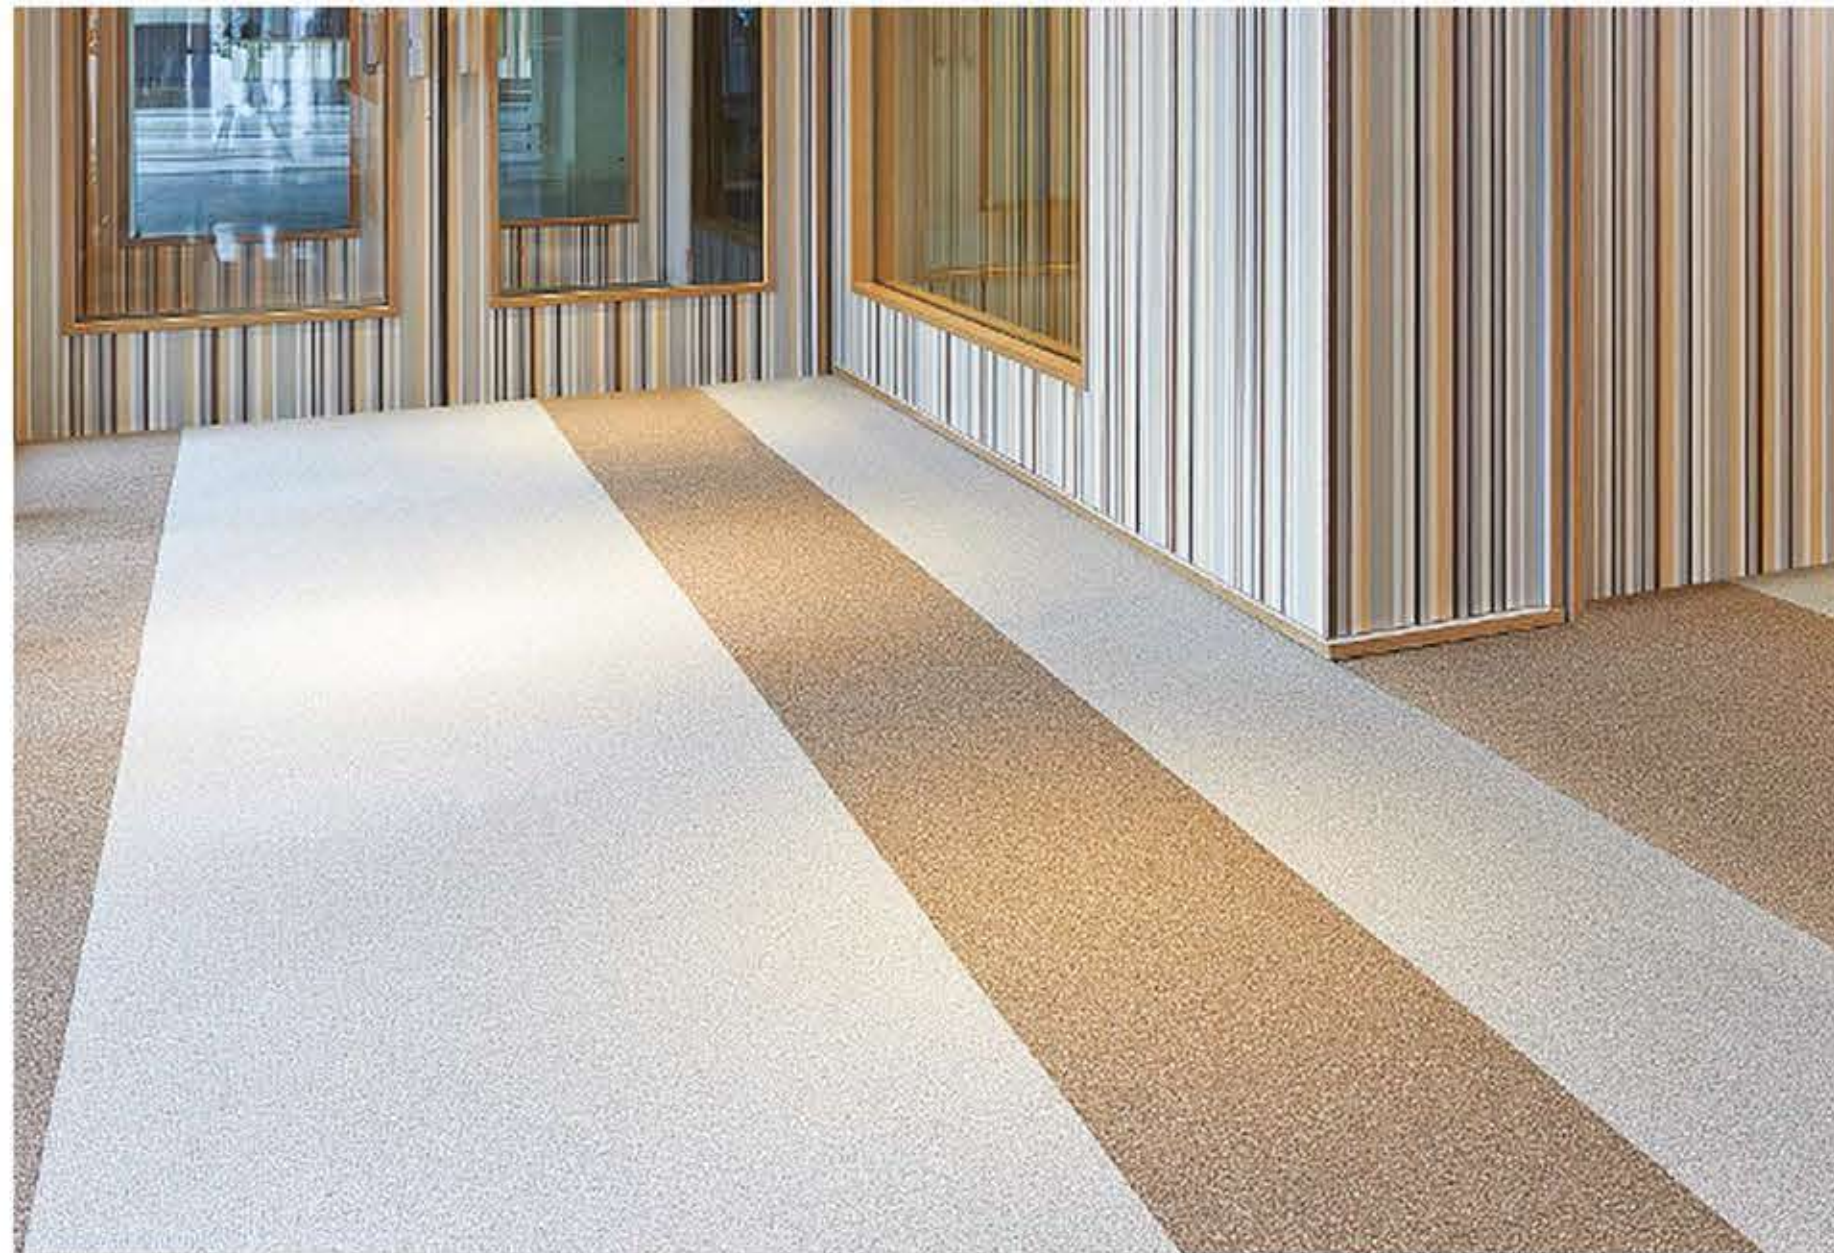

ACCENT / ACCENT S

- **Flammability resistance:** BFS1 according to EN 13501-1
- **Castor chair:** Class A according to EN985
- **Wear performance:** Class 33 according to EN1307

CLASSIC

ECONOMY CARPET TILES FOR COMMERCIAL USE

Optimal combination of ease of maintenance, safety and price
Simple, yet refined. Those keywords perfectly capture our Classic collection. This **economy 50cm x 50cm modular carpet tile** is perfectly suited for new **office rentals and commercial refurbishment programmes**. These level loop pile bitumen backed carpet tiles are finished off with a 100% solution dyed polypropylene in 10 popular available hues, which makes these tiles very easy to maintain, clean and bleach resistant.

TOP-NOTCH FOR COMMERCIAL USE
To top it off, the classification of classic tiles as fire-retarding construction products that slow down combustion in case of fire, makes this collection a safe choice in every professional environment. The combination of a **high ease of maintenance**, safety and a sharp price, makes the classic collection a top-notch choice in many instances of commercial use.

EXTREMELY DURABLE CARPET TILES FOR HEAVY COMMERCIAL USE

Cobalt is a line of **extremely durable 50cm x 50cm level loop carpet tiles**, suitable for **heavy commercial use**. They are class A castor chair tested and fully UV tested, ensuring high endurance and quality, even when exposed to severe traffic pressures.

A SECURE CHOICE IN HEAVY COMMERCIAL APPLICATIONS

The availability of **20 subtly textured plan colours** provide many options to combine and create tile patterns. Moreover, the Cobalt collection is complementary to the cobalt lines collection, featuring a stylish asymmetric striped design. Both collections are also available in 4m wide broadloom, making them very suitable for large mixed use in educational institutions, care homes, hospitality enterprises and office areas.

The Cobalt collection is treated with **Ultra-Fresh antimicrobial**, delivering freshness, hygienic protection and odour suppression to every environment.

TRENDY CARPET TILES FOR HEAVY CONTRACT USE

Looking for a stylish, yet **strong heavy contract tile with flexible design** options and **high durability**? Then you might want to take a look at our Cobalt Lines collection.

TRENDY CHAOS

These **50cm x 50cm carpet tiles** feature a trendy **asymmetrical stripe design**, available in 8 contrasting colour combinations offering many exciting design options.

HIGHLY COLOURFAST CARPET TILES

The Cobalt Lines collection passed as class A on the castor chair test and is highly colourfast. Moreover, both the Cobalt Lines and the complementary 4m Cobalt Line broadloom variant are fire-retardant and treated with Ultra-Fresh anti-microbial.

In conclusion: the Cobalt Lines collection simply is a really good, reliable option in heavy contract applications such as schools, banks, hospitals, airports and local government buildings.

COUNTRY

SUPREME ULTRATUFTED CARPET TILES

Derived from the **Cobalt collection**, the Country collection features all colours, benefits and strengths offered by the Cobalt range. However, Cobalt is processed by using our Ultratuft technology, adding not only a unique feel to the tiles, but also extra **durability**.

EXPERIENCE THE ADVANTAGES OF OUR ULTRATUFT TECHNOLOGY

The Ultratufted fine gauge condensed pile combines the ambience of a solid floor with the cleaning comfort of textile, making it a supreme option in very heavy commercial use, as in industrial offices, banks, public areas, hospitals, schools, municipal buildings, airports, shops and call centres

LINEA

DURABLE, ATMOSPHERIC 50CM X 50CM CARPET TILES

One of the biggest challenges in commercial environments is to bring customers in the right atmosphere immediately. A well-chosen carpet tile can really make a difference here. Our Linea collection of atmospheric carpet tiles fits the picture perfectly.

ADD A DYNAMIC TOUCH TO YOUR SPACE

These **50cm x 50cm bitumen backed tiles** consisting of 100% nylon (polyamide) fine gauge level loop piles are available in 6 popular shades of a random broken linear design, adding a touch of infinity to commercial floors.

GREAT CHOICE IN MODERATE TRAFFIC ENVIRONMENTS

The fire-retardant abilities and classification in class A of the Castor chair test make these tiles a great choice in most **commercial premises with moderate traffic pressure** as shops, offices, schools, colleges, hotels and municipal areas. Linea tiles are easily combined with the Tapibel 4m Linea Broadloom and the modular character of the tiles allows mixing different decors.
